

Hello HTC Families and Friends! It's Back to School time already, and what better way to buy more time than to buy your Scrip online! You can order all of your Scrip online (local and national retailers), paying by either cash, check or with the PrestoPay debit option!

As a refresher, I have summarized our Scrip program and all of the great features it offers below:

- **ShopwithScrip.com** is the web site where families can create an account and shop online for all of their Scrip (even our local Scrip).
- **ScripNOW!** is simply Scrip that can be printed from your own printer (or use for online shopping using the eCard code). Not all retailers offer ScripNOW but the list grows each month.
- **Reload** is simply adding to your existing Scrip card balance by entering the number off the card during the purchase. For example, if you have a plastic Subway Scrip card that you purchased from HTC, then you can go to [shopwithscrip.com](http://shopwithscrip.com), navigate to Subway, click on "reload" and enter the dollar amount that you want to add to your card. If you use PrestoPay to pay for your reload, then it will be added immediately. If you choose to pay by cash or check, then it will be added after I release your order when your cash/check is received.
- **PrestoPay** is the secure online payment service that families can use to pay for their Scrip online. This is the ultimate in convenience because it allows you to print or use your ScripNOW and Reload immediately! It is a debit program for which families enter their checking account information during the sign-up process. There is a 15 cent per order charge for this service, which is charged directly to families on their order. The 15 cent charge is for the entire order (not per card).

If families want to buy/order online but don't want to use PrestoPay, they can still pay by cash or check. Here are the steps for that process:

- 1) Go to [shopwithscrip.com](http://shopwithscrip.com) and place your order. Choose "check" as the form of payment.
- 2) Print a copy of your order. Write on the order where you plan to pick it up, or if you want it sent home with your student.
- 3) Attach the copy to your check (or include it in an envelope with your cash) and drop it off at church or at school (West Point Elementary or the Jr/Sr High offices). It is helpful if you write your order number in the memo of your check.
- 4) The Scrip online system immediately sends me an email when an order is placed. I will be in contact with you regarding your order if I have questions.
- 5) As soon as I receive your payment and order copy, I will log in and release your order. You will receive an email telling you that I have done this, so you can print/use your ScripNOW e-cards (if applicable) or use your reloaded cards. If you ordered something that only comes in plastic cards, they will be included in my order on Monday night for delivery by Thursday of that week.

In order to sign up, you will need our school's unique enrollment code. It is **748L8B3E3591**. Please see the attached flyers for more information about Scrip (how it benefits you and the school) and how to sign up for our Scrip program as well as the features described above.

Scrip is also available "cash and carry" at the Elementary and Jr/Sr High School offices, as well as at church (Fort Madison, West Point, St. Paul, Houghton) and the Parish Office in Ft Mad. Please don't hesitate to call me if you have any questions, comments or ideas regarding our Scrip program! Thanks for supporting HTC!
